Joint Health & Safety Committee Certification - Part 1

Course Description

BULLIVANT & Associates Inc. offers WSIB approved Basic Certification training which will allow your participants to better understand their roles and responsibilities regarding being part of the Joint Health & Safety Committee and as is required under OHSA sec. 9. This training can be offered on-site to your committee members.

Course content includes but is not limited to:

- Basic understanding of H&S legislation and concepts
- Understanding your roles and responsibilities as a JHSC and Certified Member
- To be able to Recognize, Assess and Recommend Controls to Hazards in **your** workplace
- Gain the ability to source H&S information and concerns in **your** workplace
- Prevention

This training has two components, and both are required for Certification.

Certification Part One

Certification Part Two
